Dear Friends at Ray of Hope Foundation:

On behalf of the clients and staff of Providence House Domestic Violence Services (PHDVS) of Catholic Charities, we would like to express sincere appreciation for your recent donation of a check for \$300.00 toward our holiday wish list. We recognize your commitment to the families we serve and really appreciate your willingness to help.

Many people have experienced challenges in the area of finances during this past year so please know how grateful we are that you were able to support us. Your care is invaluable at a time when victims of domestic abuse are most vulnerable and struggling. Taking some stress off our families with being able to provide them with holiday gifts allows them some comfort. Community compassion goes a long way toward easing their burden and offers a true holiday of peace.

As we prepare for a new year, we look back and reflect on all the donors and community partners that have come together and supported PHDVS. In doing so, we derive inspiration from knowing that we have someone like you on our side. We hope you know that you mean the world to our program as your gentle heart goes a long way by showing your support to victims and their children of domestic abuse.

Thank you for choosing PHDVS as the recipient of your compassion and generosity. Please accept our best wishes for a wonderful holiday and a joyous New Year.

Sincerely,

Mary Pettrow, CSW
Associate Director

Jennifer Bauer, MSW
Community Affairs Manager

IRS regulations require that we state you have received no goods or services in return for your donation. You may want to keep this letter for your reference when preparing your tax return.
